

We are writing on behalf of K-LOVE 106.7 FM. K-LOVE has served us so well over the years that it is the only station that our family listens to. K-LOVE has had a tremendous impact on our family and we would be very disappointed if we could no longer hear the signal. K-LOVE is positive and encouraging and many of our friends listen to 106.7 as well. We feel that K-LOVE is a much more positive alternative to all the vulgar material that is on the air in our market. Thank you and please do not replace 106.7 with an LPFM.
